## World Heritage Site Speech (pp. 106-113)

Hi everyone. Today, I'd like to talk about a world heritage site in Vietnam.

But first, do you know anything about Vietnam? Vietnam is known for their delicious pho. It is a rice noodle dish. Please try it, it is very delicious! But, I love bun bo hue the best. It is a little bit spicy. Do you know what this is? This is pig's blood jelly. (豚の血のゼリー) I don't like to eat it.

Anyway, I want to tell you about a place located in the north of Vietnam. This place is called "Ha Long Bay". It is such a beautiful place to visit.

It takes about 2-3 hours to get there by bus. Ha Long Bay is selected as a natural heritage site. It is known for its beautiful scenery.

Here is a picture of Ha Long Bay. It is very beautiful, isn't it? How many islands do you think there is?... ... The answer is ...D! There are around 2,000 islands here.

Okay now let's watch a short video!

Do you know this character? Yes, it is King Kong! This movie is called "Kong: Skull Island". Some parts of the movie were filmed in Ha Long Bay. Here is a short battle clip from the movie.

I think Ha Long Bay is loved by many Vietnamese people. If you have the chance to visit Vietnam, please go and see this! That's the end of the presentation. Thank you for listening.
